In 1978, Walker founded Divided Alpha Colony, a community in Upstate New York for Vietnam War veterans struggling with PTSD. The colony was a place where veterans could come to heal and to find a sense of belonging. Walker believed that the colony could help veterans to overcome their trauma and to live fulfilling lives.

Divided Alpha Colony was a controversial project, and it was met with resistance from some members of the community. However, Walker

persevered, and the colony eventually became a safe haven for hundreds of veterans. The colony provided a supportive environment where veterans could talk about their experiences, receive counseling, and learn to cope with their PTSD.

Walker was a complex and driven man, and his legacy is still debated today. Some people believe that he was a hero who helped countless veterans to heal. Others believe that he was a flawed figure who made some questionable decisions. However, there is no doubt that Walker's work had a profound impact on the lives of many veterans.

The Early Life of John Walker

John Walker was born in New York City in 1943. He was the youngest of five children, and his father was a police officer. Walker grew up in a working-class neighborhood, and he attended public schools. He was a good student, and he excelled in sports.

Walker was drafted into the Army in 1966. He was sent to Vietnam in 1967, and he served as a medic with the 101st Airborne Division. Walker saw some of the heaviest fighting of the war, and his experiences during that time had a profound impact on him.

The Founding of Divided Alpha Colony

After returning home from Vietnam, Walker struggled to adjust to civilian life. He was haunted by memories of the war, and he had difficulty sleeping and concentrating. He was eventually diagnosed with PTSD.
