Game Between Friends is a popular board game that can be played with friends and family. It is a simple game to learn, but it can be challenging to master. This guide will teach you everything you need to know about the game, including the rules, strategies, and tips for winning.

The goal of Game Between Friends is to be the first player to get rid of all of their cards. Players take turns drawing cards from the deck and playing them on the table. The cards are divided into four different suits: red, blue, green, and yellow. Each suit has a different number of cards, and the number of cards in each suit decreases as the game progresses.

There are two types of cards: regular cards and special cards. Regular cards can be played on any card of the same suit. Special cards can be played to change the direction of play, skip a player's turn, or draw extra cards.
