Materials You'll Need:

Step 1: Draw a Circle

Start by drawing a perfect circle for your character's head. Don't worry if it's not perfectly round, as we'll adjust it later.

Step 2: Add Facial Features

PROPORTIONS OF THE FACE

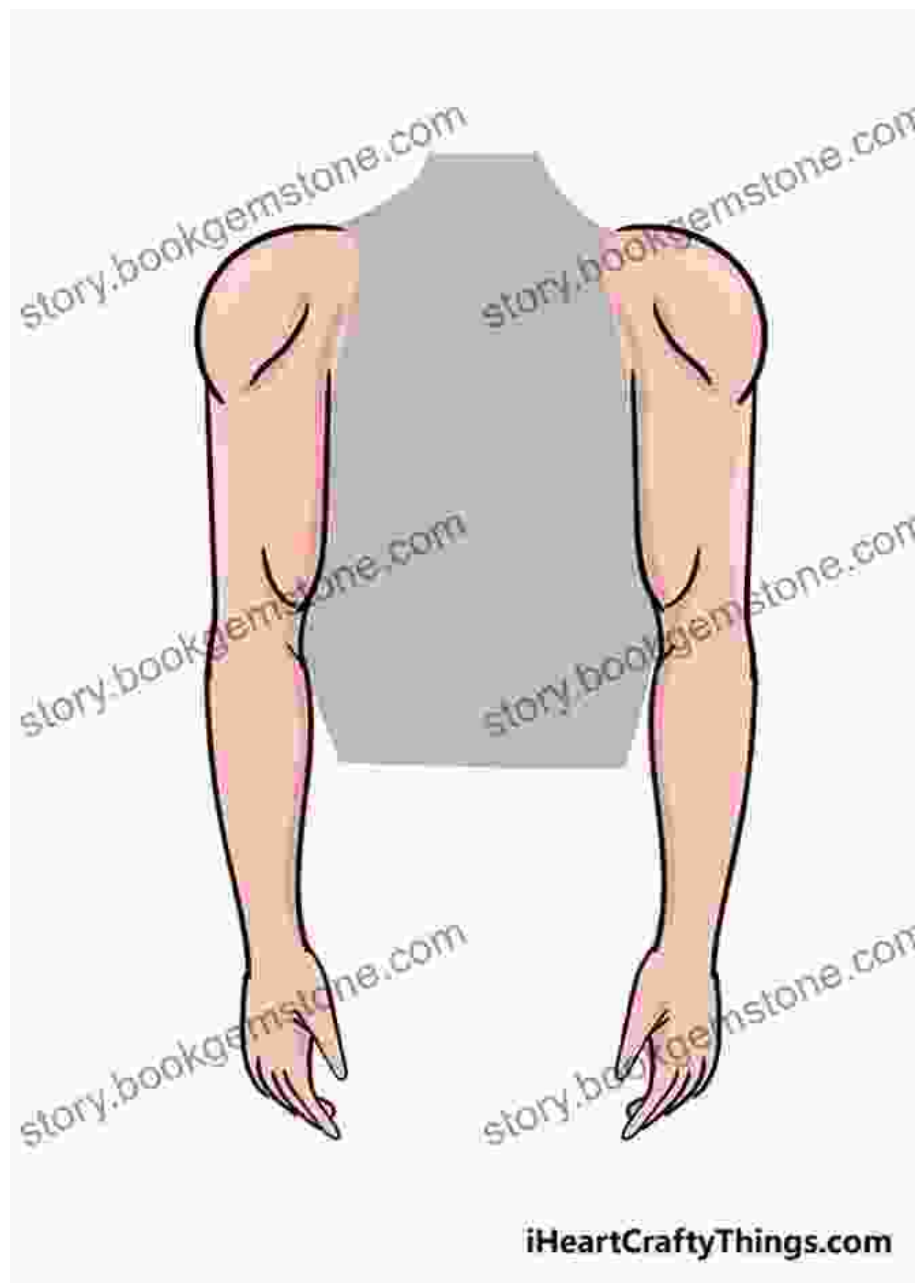

Next, draw two small ovals inside the circle for the eyes. Add two short lines for the nose and a curved line for the mouth.

Step 3: Outline the Body

Draw a curved line from the head to form the neck and shoulders. Then, add a simple oval shape for the torso and two short lines for the legs.

Step 4: Draw the Arms

Add two curved lines extending from the shoulders to form the arms. You can make them straight or bent at the elbows, depending on your preference.

Step 5: Refine the Features

Now, it's time to add some details to your character's face. Draw two small circles inside the eyes for the pupils and add some eyelashes. You can also add eyebrows and cheeks to make your character more expressive.

Step 6: Add Hair and Accessories

Draw a few simple lines for the hair, either straight or curly. You can also add accessories like hats, bows, or glasses to give your character some personality.

Step 7: Finish and Color

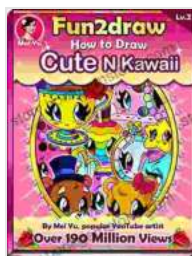

Erase any unnecessary lines and outline your character with a pen or marker. Then, add color using markers or colored pencils to bring your kawaii cartoon to life.

Tips for Drawing Kawaii Cartoons:

- Keep your lines simple and fluid.

- Use bright and cheerful colors.
- Don't be afraid to experiment with different facial expressions and accessories.
