We will learn about the team's humble beginnings, its greatest triumphs, and its most heartbreaking defeats. We will also meet some of the legendary players who have called Fenway Park home.

The Early Years

The Boston Red Sox were founded in 1901 as one of the eight charter members of the American League. The team's early years were marked by struggle, as they finished in last place in six of their first seven seasons. However, the Red Sox finally found success in 1903, when they won their first pennant. They went on to win the World Series that year, defeating the Pittsburgh Pirates in five games.

The Red Sox continued to be a competitive team throughout the early 1900s, winning four more World Series titles in 1904, 1912, 1915, and 1916. However, the team's success was overshadowed by the tragedy of the Great Depression. The Red Sox were forced to sell off many of their best players, and they did not win another World Series title until 1946.

The Curse of the Bambino

The Red Sox's long championship drought is often attributed to the "Curse of the Bambino." This curse is said to have been placed on the team after they sold Babe Ruth to the New York Yankees in 1919. Ruth was one of the greatest players in baseball history, and his departure from Boston is considered to be one of the worst trades in sports history.

The Red Sox did not win another World Series title for 86 years after Ruth was sold. During that time, they came close on several occasions, but they always seemed to fall short. The curse was finally broken in 2004, when the Red Sox defeated the St. Louis Cardinals in four games to win their first World Series title since 1918.
